Applicant's Representations

1. Applicant, a Canadian corporation, was formed in 1996 in connection with the corporate reorganization of Telesystem International Wireless Corporation, N.V. ("TIWC"), a Netherlands corporation. TIWC was founded in 1992 to pursue international opportunities in the wireless telecommunications services market. Pursuant to the reorganization of TIWC, which was completed concurrently with applicant's initial public offering in Canada in May 1997, TIWC became a direct and indirect wholly-owned subsidiary of applicant. Applicant's subordinated voting shares are traded on the Montreal and Toronto stock exchanges and, since June 1998, on the NASDAQ National Market.

2. Substantially all of applicant's operations are conducted through its subsidiaries and affiliates, which are principally engaged in the development, acquisition, ownership, and operation of wireless telecommunications networks in both developing and developed markets throughout the world. Applicant's operations currently include cellular operations in Romania, China, India, and Brazil, specialized mobile radio operations in the United Kingdom, France, Germany, Spain, Portugal, and Belgium, and paging operations in Mexico and the Netherlands.

3. Applicant and its subsidiaries have benefited historically from the expertise and experience of applicant's shareholders and their affiliates, particularly Telesystem Ltd. ("Telesystem"), in identifying international wireless telecommunications opportunities and providing critical support in forming, developing, and implementing their operations. Telesystem is a privately-owned Canadian holding company engaged in the telecommunications business. Wholly-owned subsidiaries of Telesystem currently own common shares of applicant constituting an approximately 18% economic interest and 39% voting interest in the equity of applicant.

4. Applicant requests relief to permit applicant and each entity now or in the future controlled by, or under common control with, applicant (each, including applicant, a "Covered Entity") to engage, either directly or indirectly through subsidiaries, in certain foreign telecommunications infrastructure projects without being subject to the provisions of the Act. For purposes of the application, applicant represents that "foreign telecommunications infrastructure projects" means
